Handled With	Very well handled exceptionally quiet young cattle. Bikes , Dogs , Horses , Vehicles												
Assessor Comments	Nice line of black and black baldy heifer weaners. These heifers were a pleasure to handle and are very quiet. Nice soft coated calves that are starting to show their potential after coming out of a tight autumn period. Vendor takes a lot of time handling his cattle properly and it shows as these cattle are exceptionally quiet and would be ideal cattle for a smaller holding or to bolster number in an existing herd. Given the right nutrition these heifers will grow out to feed or kill weights or are nice enough heifers to grow out and retain as breeders.(please note Vendor has 9 Black baldy steers and 10 Hereford steers in same sale)
