These steers are exceptionally quiet. They have been well educated and are easy to handle in both the yards and in the paddock. Their temperament is a feature

Handled With: Bikes

Notable Traits

	Traits
1 Head	White on navel and underside of brisket

Assessor Comments: On offer is an outstanding line of 51 Angus weaner steers. These calves are the top draft of the Glaisnock steers averaging 403kg at 10-11 months of age. Sired by the Millah Murrah and Kywarra bulls these steers are thick through the middle and showing great shape. Since being yard weaned in March they have been running on an oat crop with average daily weight gains of 1kg +. Their temperament is a real feature, all were easy to handle and quiet throughout the assessment. Steers are suitable for feedlot induction or further backgrounding into heavier animals. A great opportunity to secure first class steers renowned for their performance.
