Assessor Comments

A line of the lighter weaner heifers being offered by Nungatta Station that present in genuine store condition and have been well handled, These cattle are normally grown out to feeder weights but a tightening season has pushed them onto the market earlier, Repeat buyers have consistently commented positively on their performance in both grain and grass programs. The are bred from medium frame Cows and Bulls selected for strong carcass traits. There are 12 Red & Red Baldy Heifers, 5 Black Baldy Heifers and 41 Black Heifers in the draft of which Approx 15 are showing more to the Angus Type. 2 Heifers had very slight pink eye blemish in 1 eye only . Please note due to a technical issue the 2 lots of heifers have been photographed & videoed together but they show a fair representation of both lots. 4 lots Totalling 195 Head being offered by the vendor in this sale
