| Assessor Comments       | Well handled Hereford & Baldy/Simm steers. Nice group of little steers that are marching forward on grass and will boom in Spring. Just starting to rub a little, so a lice Drench moving forward wouldn't hurt them & perhaps another worm drench in August too.                                                                                                                              |                         |       |                 |                |                |                |                         |                         |                         |     |       |     |
