| Assessor Comments      | Angus steers, 10-11 months, by Innisfail bulls. Steers quite to handle in fresh store condition, ideal for feedlot, backgrounder or grass-fed markets. Steers weaned 1 April and drenched. Grass-fed, no antibiotics. Nice line of steer calves, well grown, tops of drop with tail removed.                                                                                                   |                |                |
