Assessor Comments	A neat mob of backgrounder steers that are all frame and positioned perfectly to grow out through the winter and spring. These steers are sired by award winning Niu River Wagyu bulls, similar progeny are regularly sought after by leading feedlots that specialise in Wagyu/Angus feeders. For prospective purchasers the delivery agent can assist in the marketing once they reach feeder weights. These yearling steers will respond well to feed after being bred and grown out so far in the high country around Yea. They are very quiet and would suit any level of stock person. Please see previous cattle's kill data after they have been fed in the photos. There is also 45 of their sisters in today's sale with the opportunity to put 86 cattle together.
