Assessor Comments	DCF are offering a nice line of 76 young Angus Weaner Heifers off their "Clonmel" Block that are a July/August 2025 Drop. They are Granite Ridge, Weeran and Chiltern Park Blood with emphasis on structure and type when selecting Bulls as well as good growth and fertility. These Heifers were weaned in late Feb early March and are in good strong forward store condition. They have got good bone and frame and will grow out into very nice Heifers to either put back to the Bull or for the Feeder or Grass Fed Job later in the Spring. The DCF cattle are always highly sought after as they are good doing cattle and we have always had positive feedback from past purchasers. Note their is 1 Baldy face in the mob that can be removed.
