Assessor Comments
Buyers, here is your oppertunity to secure a line of very well bred PTIC CLASSIFIED S heifers from the highly regarded Gyranda Santa Gertrudis stud herd. The VID's included in this assessment will be the VID's that will be delivered with this lot. Rarely does an oppertunity arise to secure bloodlines plucked straight from the Gyranda replacement breeder herd. These heifers posess good conformation and breed charactistics, they show good frame scores and stand on adiquite bone. These heifers would be an assett to any breeder herd. Please see joining details for references of the bulls these heifers are PTIC to. Please note that the vendor has another lot of classified S heifer as well as 3 lots of commercial PTIC heifers in the same sale.
