Assessor Comments	Buyers a tidy line of Inglebrae Angus bred heifers PTIC on the 20/2/26 to Speriby North NXOF785 Angus Bull. Cattle have had calves on them up until the 22/03/26. Cattle are now back in calf 3-6 months with there second calf and have plenty of breeding behind them and would suit going back into any herd as future breeders. Cattle have plenty of frame and are not carrying any excess condition.
