Assessor Comments	Here presents a line of Crossbred Cows and Calves. Cows present in store condition and given the right opportunity would bounce away for successful purchaser. A large portion of these cows are vendor bred and the balance were purchased PTIC from multiple locations. These cows and calves would be ideal to fatten and split and are only being offered due to seasonal conditions. Cows and calves have been assessed in paddock mobs; these mobs had larger calves that were weaned approximately three weeks ago. We made every effort to remove dry cows, however some marginal cows were left in to avoid any risk of mis-mothering. Cows have been continuously running with composite bulls. The small portion of older cows were mouthed and all found to be sound. Vendor happy to offer 6 month payment terms to approved purchasers. Vendor has another 4 lots in same sale.
