Assessor Comments	A quality draft of 33 Angus Heifers which present in a forward condition averaging 470kgs at assessment. These Heifers are Eastern Plains blood and have been PTIC to LBW Gates Angus Bulls. These cattle display good growth, with plenty of frame and depth. They are being sold due to surplus of requirements and dry conditions. These Heifers are ideal to calve down and will be an asset to anyone chasing young well bred Angus matrons.
