Assessor Comments	A very good line of younger PTIC Charolais cows with their mother ex Fairfield Stud and recorded with the Charolais Society. They have good frame and structure with 6 red and 2 blue tags. As mentioned, Glenlea Beef would be interested in having first option on the male progeny (and females) at a negotiated market premium at weaning. They have had good fresh calves weaned mid-February and continue to put on condition with fresh feed in front of them. They are definitely a great representation of the breed and would not disappoint.
