Assessor Comments	A good offering of Angus x Angus PTIC cows. Cows were PTIC on the 4th Feb 26' and were going to be retained, however selling due to poor weather conditions. Set to calve Jul - Sept 26'. Big calves were weaned off the cows over 3 weeks ago and have picked up since. Being sold in two lots and this lot being the larger framed/better conditioned cows. Young to middle aged cows and will greatly benefit with better grazing conditions. Good opportunity to do a short term trade or retain for a few more years.
