	2 Head lameness from a chipped hoof			
Assessor Comments	An exceptional line of Angus 3in1 units. These cows are in the prime time of their breeding lives they are all Reiland bloodlines and joined back to the Reiland bull. They show excellent type and quality. The calves are very even with only 2 later calves that are a bit lighter. An outstanding opportunity to secure a nice line of cows and calves with a quick return, with progeny saleable in the not to distant future. Only for sale as property has been sold.
