Handled With	These heifers were an absolute pleasure to handle and would suit any level of operator On foot , Vehicles		
Assessor Comments	A/c IA & J Coghlan of Eurimbla offer 6 PTIC Heifers as part of their annual draft. The Eurimbla breeding program is based upon producing easy care cattle, backed by extensive performance testing. These females have recently been scanned for fat cover, EMA & IMF. They are PTIC to the low birth weight & calving ease sire Polldale Tycoon and Eurimbla low birth weight Red Poll Bull. These heifers are 16-18 mths of age, average 438kg curfewed & are medium to large frame relative to their age. Tallangatta Vets pregnancy tested these heifers on the 13/3/26 & deemed them all to be 13 weeks plus in calf, to commence calving early August. These heifers have been an absolute pleasure to handle, would suit any operator and would complement any breeding operation with their whole lives ahead of them.
