Assessor Comments	Whanregarwen Pastoral Company are offering a neat line of Angus Cows & Calves that have their second CAF and PTIC for an August/September calving. This particular offering are no means culls or surplus animals, they are owned by the vendors Son and have been ran as a completely separate mob to the remainder of the herd. Presenting in a forward store condition with plenty of upside in weight gain given their frame size & age. Young females with many years ahead of them, providing an opportunity to secure replacement breeders or initiating a new start up herd.
