Assessor Comments	I neat line of proven, mature age Angus cows with fresh calves at foot. These cows are presented to you in working condition. They are doing a great job on their fresh, sappy calves at foot. Please note 2 younger calves. The cows are light (store) condition but are large, framed cows that will convert and do with extra feed in front of them. These cows have been running with registered bull Newlyn Park Pheonix U04 from December 25 and are a real chance to be a 3in1 unit. Huge upside with this lot and offer possible trade options.
