Assessor Comments	A very nice even line of Landfall blood Angus heifers PTIC to low birthweight Tabletop Angus bull. These heifers were purchased off the one vendor who has two properties Glenfalloch Station at Licola and Docker Plains at Wangaratta. The breeder has been using pure Landfall genetics for the past 10 years. Heifers are full of top quality genetics out of a very powerful herd and they handled the assessment process with ease, drenched, vaccinated ready to be put out to calve
