| Vendor Comments | This is a regrettable forced sale of cows due to seasonal conditions. These cows have served us incredibly well since being bought as weaners 8 to 9 years ago. We would definitely be keeping these cows if the season had allowed us. |

| Assessor Comments | Buyers, here is your opportunity to secure a 3 deck line of very good quality Angus cows pregtested in-calf to very good quality high marbling Wagyu bulls. Bulls are Shokunin and Sumo blood lines. Cows are aged 9 and 10 years old and have all raised a calf every year since being purchased by the vendor. Cows are mostly large framed with a very small percentage of meduim framed cows, they stand of good bone and are in store/forwardstore condition. This line of PTIC cows would be a great inclusion to any breeding herd. Please note the vendor has another 3 deck line of PTIC Angus cows in the same sale. |
