Assessor Comments	A outstanding line of Angus heifers and calves. These heifers were the top lines of heifers bought out of the 2025 CTLX weaner sales, These heifers are medium to large frame and are very quiet to handle. The calves at foot are March/April drop by the Allura Angus bulls and the heifers have been running with the Allura Angus bull since the 4th of June. These young units are ideal heifers and calves to improve most produces herds. These cattle come highly recommended. Please note the vendor has another lot of heifers and calves in the same sale.
