| Assessor Comments                     | A terrific opportunity to secure 4 quality Angus first-calf heifers with 4 strong Autumn-born calves at foot, comprising 3 heifer calves and 1 bull calf. These are young, tidy and well-matched units presenting in excellent store condition with plenty of length, depth and femininity. The heifers have settled well into motherhood, displaying strong maternal instincts with healthy, vigorous calves by their side. The calves are an even line, showing good growth for age and the type to develop into productive replacement females or quality feeder cattle. These units would be an ideal purchase for buyers looking to build breeder numbers or add proven young females to their herd. Running on quality Upper Murray pastures, these cattle have been quietly handled and are a genuine, low-maintenance line that will suit both commercial and breeding operations.
