Assessor Comments	A line of good quality angus 2nd calvers that are not far off the point of calving. They are due for their 2nd calf and present as ideal young cows to add to any breeding program. They have plenty of good breeding years ahead of them. They were preg tested 1/07/26 to be 6-8 months pregnant. Easy cattle to handle throughout assessment. Buyers please note: the vendor has a line of 4 year old cows in the same sale, located at the same property.
