Assessor Comments	Small Herd Dispersal! Mixed age Autumn calving angus cows with fresh calves at foot. Due to a change of business structure this herd is presented to the market. Selling open ready to be joined. Sold as a complete herd 2- to 8-year-old. 16 cows 17 calves with one cow rearing twins. The 2022 drop cows present with a lighter frame as they did it tough with their first calf at foot. Three cows with a splash of white on udder and one cow with uneven udder. There are also two red calves in the 17. These cows have produced outstanding calves each year with calves topping the local markets. A great opportunity to buy a herd of cows with years of consistent performance. Please note 7 vendor bred heifers sell in the weaner & yearling sale.
