Temperament	Yards	Crush	Paddock							
	Quiet: 13 head	Quiet: 12 head Slightly Stirry: 1 head	Temperament not assessed in Paddock							
	Cows flowed well through yards and crush with the one cow getting slightly stirry when put under pressure.									
Handled With	Bikes , Dogs , Horses , On foot , Vehicles									
Assessor Comments	A quality line of 13 PTIC Angus cows, comprising 12 HBR Registered females and 1 Base Registered female, with the vendor willing to leave the Base Registered cow out of the lot if required. These well-grown young breeders have all recently weaned a calf and now present in forward, productive condition, offering an excellent opportunity to secure proven Angus genetics with strong fertility and re-breeding potential. Sired by respected bulls including Millah Murrah Maestro M182 and Glenisa Jimbob P145, these cows are all PTIC to Murdeduke Pheasantry T298. They display good structure, sound udders, femininity and strong Angus breed character, and are well suited to both stud and commercial breeding operations. An outstanding opportunity for new stud entrants seeking to establish a quality foundation herd, existing stud breeders looking to expand with functional, productive females, or commercial producers wanting proven Angus cows with many productive breeding years ahead.									
Assessor	Cameron Bygrave (Level 3 Accredited)									
Delivery Period	29/06/2026 to 03/07/2026 (5 days)
