These cows are the type that want to get back to their mob and wouldn't go in anyway once back together they are settled just look in the photos and videos. Questions please call.

Assessor Comments	Good quality line of 7 year old PTIC Black Baldy cows off JEREMIAH. This is the last chance to secure some of the JEREMIAH Black Baldy cows. These cows are in the prime of their breeding lives, having reared a good calf year in year out. Vendors are only selling cows due to making room for heifers that were retained. Cows are Crawford & Onslow blood and have been joined back to Crawford and Onslow sires where vendors select the top end sires annually and have done for a number of years now. Large matrons that still have some good breeding years in them. Please see vendors line of Angus cows in same sale. Please call myself with any questions.
