Assessor Comments	A Neat Quiet line of well grown Black Simmental x Hereford Heifers. PTIC to an Angus bull to Commence calving the 1st of September for 10 weeks. Heifers are sired by Southern Black Simmental Bulls and are out of Dalkeith Hereford blood cows. Heifers that were a pleasure to handle and flowed through the yards and crush with ease. Heifers that were born and raised on the coast and would be theileria resistant. An opportunity to purchase lovely quiet roomy females to calve down and continue on with to future herd matrons.
