Assessor Comments: An opportunity to secure 12 PTIC Angus cows from the Tabletop Angus commercial herd. These Cows are rising 10 year old proven females, sound and sound-mouthed, carrying plenty of Angus influence and offering buyers the chance to secure functional breeders with another calf ahead of them. The cows are pregnancy tested in calf and are due to commence calving from mid-August over a three-week period, to Table Top Angus bull DCSU418. They are up to date with all animal health treatments, including 7-in-1 vaccination and Pestigard. A very quiet, easy-handling line of large-frame Angus cows that have been productive members of the Table Top Angus herd and will suit anyone looking to add proven females to their breeding program.
