Temperament

Yards	Crush	Paddock
Quiet: 22 head Slightly Stirry: 5 head	Quiet: 23 head Slightly Stirry: 3 head Stirry: 1 head	Quiet: 27 head

Generally very good to manage in the yards. Brought up by a single handler and all loaded well into the crush. A few (4 - listed above) were a tad fizzy in the crush, their last 2 visits had been, once, for preg testing, and again, 2 days later for oral drenching, so a bit of anxiety could be forgiven. Quiet once out in the holding yard. Easy to walk amongst for photos and push around the paddock for videos.

Handled With	On foot , Vehicles

Notable Traits

	Traits
3 Head	Minor Eye Blemish (Slight blue tinge)
3 Head	White splash on flank

Assessor Comments	Nice line of low maintenance, highly productive breeders. Always produced quality, high performing weaners for the NVLX Spring Store sales, often purchased by repeat buyers. Only offered for sale now due to switching over to trading for ease of management and a semi-retirement plan. Cows that have produced a calf every year, and always been loss fuss, easy mothers - Vendor quote “Never once touched them at calving time, even as heifers”.
