	Quiet young heifers to handle. Brought up by a single handler and were all well behaved, leading quietly up the race. A couple that were a bit anxious in the crush, just doing a bit of rocking and stomping as they were being preg tested. All settled quickly and easily back in the yards and were very quiet in the paddock. Walking amongst them on foot for photos/videos.

Assessor Comments	Always lining up 400kg calves in the front lane at our Premier January Weaner Sales, is Pulitano Pastoral! And now is an opportunity to secure some of their tightly held genetics in this lovely line of well grown PTIC Heifers. Carrying the very good Alpine & Fernhill Angus Blood, these heifers are long, deep bodied, with heavy skins & very pretty faces, and all properly grown out prior to joining (to calve down as 2.5 year olds). A line of heifers that would be lovely to calve down given their temperament, and appreciate the genetic return to your herd, or on-sell some top heifer/calf units in a promising looking Spring market.
