Assessor Comments	An outstanding draft of Moogenilla blood Angus heifers PTIC to Pathfinder Angus bulls selected for calving ease, short gestation & moderate growth. They were pregnancy tested by vet, Rob Ander on 17th April. Heifers were purchased as tops of the drop from DS & MA Turner who consistently buy bulls from the top end of the Moogenilla catalogue spending \$15-20k. They present in ideal calving condition & recently have been running on 'secondary quality' paddocks to prepare them for their final stage of pregnancy. They carry an exceptional genetic profile & would be a solid addition to any high end Angus herd! Vendor will offer another line of 14 PTIC heifers in the same sale.
