Comment on Fat Score 1 Cattle

Cows are in store condition but are fit and strong. They are on good feed and picking up quickly however care would need to be taken transporting them extended distances.

Assessor Comments	A fair through to good and very good quality line of younger cows with calves at foot. Based on their age at purchase via Auctionsplus they range from rising 4 to rising 7 years old. They are recorded as 15 x 2019 (Rising 7), 11 x 2020 (Rising 6 Yrs), 2 x 2021 (Rising 5 Yrs) and 13 x 2022 (Rising 4 Yrs). All cows were mouthed at assessment with all being good sound mouthed cows. One cow has clearly had a middle tooth knocked out (see photo) with all other 7 teeth large and sound. They have calves sired by Raff and Lawson Angus bulls at foot and are rejoined to Raff and Angus bulls. They have done a good job on their calves in a very difficult season. The calves ranged from 40 to 243 kg and averaged 143 kg. The cows are picking up after being bought back to the vendors home property and they will continue to put weight on quickly with access to good feed. These are good functional medium to large frame cows that are only for sale due to the season.
