Assessor Comments	Buyers a great line of core breeders, to be offered as a run out the gate of 43 from a mob of 86. These young cows were purchased from Glen Collin Pastoral co as PTIC AI heifers last year. They are joined to High End Ben Nevis and Highrent Angus bulls. They have just had their first calf weaned off them and should improve quickly shown feed. They are only being offered due to the extreme dry the New England is facing. These young cows will be an asset to any breeding herd looking to improve numbers and add a wealth of genetics. Vendor is also selling another line of 1 mark PTIC 2nd calvers to make 125 young breeders all in calf to very good angus bulls to calve over the same period. Odd cow with an old blue eye scar.
