	Cows can be a bit runny in the yards but will block up. Handled with dogs and will block up. Can drive in and around them with little movement in the paddock. Nothing aggressive or hostile. Calves are unmarked.		
Handled With	Bikes , Dogs , Vehicles		
Notable Traits	Traits 24 Head Long toes due to black country		
Assessor Comments	Nice line of Santa cows with red Angus cross calves at foot. Calves are fresh enough and well grown. Some cows are doing it a bit tough but are strong. Calves are marked, branded, first 7in1 and a drench. These cows will not disappoint on a paddock with better nutrition. Well renowned doing cattle and the offspring have a big reputation of being great doers on grain and grass. Full dispersal of the ASHJAL herd. Some cows have longer than normal toes due to grazing heavy soft black country, not an issue to mobility. An opportunity not to be missed!!
