Assessor Comments 16 exceptionally quiet, young Hereford 3rd calvers, PTIC to the Poll Hereford Bull to commence calving late July for 8 weeks. These medium framed cows are proving to be very good mothers are very milky and have done a very good job on their current calves recently weaned. They were a pleasure to handle in the yards. All the hard work has been done with these young cows and animal health is all up to date, just show them feed and let them calve.
