Assessor Comments	Buyers, on offer is a quality line of 37 PTIC Angus heifers from Milwillah, Bongongo, and Millah Murrah bloodlines. These heifers present in forward store condition and are due to commence calving from early July over a 7-week period. They display excellent length of body and frame, with the capacity to mature into good medium to large-frame cows. The heifers have been joined to a high-indexing LBW Kenny's Creek sire, selected with a focus on early growth and calving ease (refer to attached sire index details). Offered as part of the vendor's annual draft, these heifers present an excellent opportunity to strengthen and enhance any breeding program, whether you are looking to calve down or secure quality females for future trade. Please note delivery and pickup arrangements. Vendor is offering another line of 25 PTIC females in the same sale. For further information, don't hesitate to get in touch.
