Nice cattle to work in the yards and are very used to hand feeding and regular paddock movements. I stood in the herd in the paddock for the video and they were very comfortable to be within several meters of me without issue. An exceptionally quiet herd.

Assessor Comments	A genuine dispersal of a Speckle Park herd. The cows are in their prime of production and in excellent condition with very fresh calves at foot. The cows are very quiet in the paddock yards and crush. A wonderful opportunity to secure cattle in production and join to the bulls of your choice.
