			Slightly Stirry: 1 head
	Very quiet cattle, moved through the yards and crush with ease.		Paddock
			Temperament not assessed in Paddock
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	An opportunity to purchase a small line of quiet, well bred Angus heifers PTIC to some impressive sires due to calve August, September. Dalwhinnie is popular blood line not only in the tablelands but far reaching throughout NSW and beyond. Dalwhinnie has a reputation for excellent temperament, growth and overall performance. These heifers wont disappoint and would be a great top up in a larger herd or a stand alone mob for a smaller operation. Note one heifer has old pink eye scarring in both eyes, one other heifer scarring in one eye not considered detrimental. One heifer has a large white patch on her udder and under belly. See photos for sire references.
