Assessor Comments	An opportunity to secure an excellent line PTIC of 2nd calving heifer's, bred out of Bongongo blood heifer's by Leawood Angus Sires. They are PTIC back to Tabletop T408 and T544 to commence calving 1st August for 7 weeks.These heifer's display great width and depth, and have a wonderful temperament. A regretful sale due to resent health issues, an a change in direction from a breeding operation to a fattening one. Please note the same vendor has 10 3rd calving cows in the same sale.
