Cattle did not stir up while being weighed, Cows are use to a race daft, so if under pressure in a pound / round yard a % would stir up.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , On foot , Vehicles
Assessor Comments	A terrific line of Brahman Cows & Calves with calves fresh to weanable, good sappy calves. Years of selective breeding. Ideal article to split. 34 No. 5 branded calves from October 25, all others unmarked, calves av. 178kgs. Very good frame cows, when taken off the gulf country would be very heavy dressing cows. 80% large frame, 15% medium & 5% small frame (1st calf heifers) Cows are aged but still good structure / constitution. 67% 10 to 14 year old. 1 capped hip & 3 short tails. No ticks were visible after a night in the yards and we haven't been pulled up previously, but can't guarantee. Cows have been pre treated to assist with clearing. Purchaser could wean 40 to 50% of the calves for a very quick return.
