Heifers were settled in crush, odd heifer wasn't as settled through the pound, wanting to exit quicker. May of had enough from the preg testing earlier in the week.

Assessor Comments	A magnificent line of Droughtmaster Heifers. Very well bred heifers, oozing style. PTIC to Angus Bulls. Given favourable feed will grow out into big volume cows with 75% large frame & 25% medium. Heifers were X'branded when purchased, but all one line form "Bygana" at Clermont. Very odd heifer with fly rub mark around eye.
