Assessor Comments	On offer is a line of EU vet preg tested in calf heifers. These heifers are in calf to very good quality black Brangus bulls purchased mainly from the Ranglands Brangus stud. Heifers are bred from a herd that is culled meticulously on fertility every year with a couple of the heifers being from a quality line of angus cross heifers bought in as weaners, these heifers will be ideal for a buyer looking for long term EU breeders. Heifers were pre treated with Ivomec LV at time of assessment. A couple of heifers have general rub marks. Also available is 95 vet preg tested in calf heifers from the same vendor.
