2 Head	faint pink eye scaring

Assessor Comments: On offer is a line of 22 PTIC Red Angus cows. They are 5 to 7 years old and very well bred with a percentage of cows purchased directly from Schipps Red Angus stud. Cows are joined back to the Yallambee Red Angus bulls to commence calving on the 1st of September for 10 weeks. Cows are large to medium frame and up to date with their all their health treatments. These proven breeders are in their most productive years with big sappy calves weaned off them in late April. A good opportunity to secure quality Red Angus females calving in the spring.
