An easy line of cows to handle. The cows noted as slightly stirry were ok in yards but when in race were more eager to get let through and exit. Pushing forward and agitating in crush wanting to get through. After returning to mob settled very quickly.

Handled With: Bikes , On foot , Vehicles

Notable Traits

	Traits
2 Head	Eye scarring
2 Head	White udder

Assessor Comments: A quality, larger to large framed line of Angus martons. These cows were purchased originally as proven breeders from the Wellington district. Cows are PTIC in calf at nearly the point of calving to Millah Murrah & Hard Hat Angus sires. A line of cows with big weights for their breed and a quick return inside them. A great opportunity to capitalise on buying right before the spring rush.
