Assessor Comments	Angus Cows PTIC to Dunoon Bulls to commence calving on the 18th of July until the 22nd of August. These cows have done very well since the grass has gained length for them to eat. They have been great cows for the Jarrett's, but they haven't the room and it time to sell. With the latest rain and up side in the cattle market, these cows will produce profit quickly. Please see the notable traits of this mob.
