Assessor Comments	Buyers, on offer is a neat line of 14 PTIC Angus & Angus infused. Cows are vet preg tested 5 - 7 months in calf to Angus bulls, and age between 3 & 5 years. These cows would be ideal to boost breeder numbers or would be a great starter herd with a guarantee of calves on the ground by spring. These females were purchased to be embryo recipients however due to pregnancy are unable to be implanted. Overall a great chance to purchase some quiet, easy to handle young breeders with plenty of life ahead of them.
