Assessor Comments	Very well-bred line of PTIC Heifers. Heifers are well grown and in very good condition leading into the winter period before calving. This line of heifers were originally part of a large AI program on Glenmore and as a result, Naturally joined to Gilmandyke bulls. Heifers are all vendor bred with majority bred on vendors southern highlands country and sent to Glenmore at the beginning of spring to commence the joining journey. Heifers currently carry a clean bill of health and come from a well managed operation. Total of 78 heifers on offer in two groups and will be delivered of even quality if required. Please view video to fully appreciate the temperament and quality. Vendor also offering a small line of PTIC cows also. Please note no burr was seen at assessment but does grow in vendors country Please call for further information.
