Vendor Comments

A regretful sale of purchased breeders, we purchased these cows with the intention of calving down and retaining in our herd. Due to seasonal constraints, we have decided to sell them.

Assessor Comments	A brilliant opportunity to purchase 41 x 5 year old PTIC Angus Cows. The cows were joined to Landfall sires and are due to commence calving from the 24th of July to the 18th of September. The cows handle well as a group and exhibit good length of body. They are healthy and in forward condition leading into winter. Purchased from the New England as classed breeders earlier in the year, the vendor bought them to add to their existing herd. Given the less than favourable autumn, the decision has been made to sell them and focus on their core heard. The cows also have access to 'Rod's Breeder' lick blocks. (high cal/ mag and minerals) Please call for more information.
