Assessor Comments	An outstanding opportunity to secure quality PTIC heifers from the complete dispersal of the renowned "Palerang" cattle operation. Averaging 393kg, these heifers are by Summit Livestock Angus Bulls and offer genuine future breeding potential for producers looking to strengthen or expand their breeding herd. PTIC to low birth weight Angus bull, Summit Livestock DNF24V554. Heifers have been running on improved pastures and are showing the benefits of sound management, carrying good condition while maintaining femininity, structure and commercial appeal. A well-bred line of females with the frame and attributes to develop into productive future breeders. Offered as part of a genuine herd dispersal, these heifers present a rare opportunity to secure cattle from an established program, suitable for producers seeking quality replacement females with long-term breeding value. Buyers please note that PTIC status is one week out of AuctionsPlus pregnancy test terms to list as PTIC hence showing "Station Mated"
