| Assessor Comments                          | 44 watervalley blood Angus and Angus X heifers that have been AI'd to True Blue T325. A bull carefully chosen by the vendor for calving ease and high index growth rates. Heifers only received 1 round of AI, so will all calve very closely together to ensure an even line of calves on the ground to take forward into the rest of this year. Please note 3 black baldy heifers. Also 25 head have been dehorned. These heifers present with frame and are in perfect calving condition to take forward. |                 |       |                 |                                            |                                                             |                |      |     |           |      |   |     |      |     |  |  |   |     |
