Handled With	Heifers were very good to assess. One heifer was unsettled under pressure and in the weigh box but settled once returned to mob.					
	Bikes , Dogs , Horses , On foot , Vehicles					
Assessor Comments	A nice line of Angus cross Angus heifers, pregnancy tested in calf by Killarney vets on the 8/4/2026 as 3-5.5 months than, to a low birth weight Alummy Creek Angus Bull. Heifers are sired by Eaglehawk Angus bulls and out of a very nice line of Clunie Range bred Angus cows. These heifers would be suitable to add into our breeding herd. One heifer noted to display white underneath.
